| Product Description: | Apple Radeon Pro W6900X MPX Module - graphics card - Radeon Pro W6900X - 32 GB |
| Device Type:         | Graphics card                                                                  |
| Bus Type:            | Infinity Fabric Link                                                           |
| Graphics Engine:     | AMD Radeon Pro W6900X                                                          |
| Memory:              | 32 GB GDDR6                                                                    |
| Stream Processors:   | 5120                                                                           |
| Max Resolution:      | 6016 x 3384                                                                    |

## General

|                     |                       |
|---------------------|-----------------------|
| Device Type:        | Graphics card         |
| Bus Type:           | Infinity Fabric Link  |
| Graphics Engine:    | AMD Radeon Pro W6900X |
| Stream Processors:  | 5120                  |
| Process Technology: | 7 nm                  |
| Max Resolution:     | 6016 x 3384           |

|                         |                          |
|-------------------------|--------------------------|
| Max Monitors Supported: | 6                        |
| Interfaces:             | 4 x Thunderbolt 3   HDMI |

|           |                                                                                                                                                                                                                                       |
|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Features: | HD/4k Ready, 5k Ready, 80 Compute Units, 22.2 Tflops peak single precision (FP32) performance, 44.4 Tflops peak half precision (FP16) performance, 2 DisplayPort connections routed to system to support internal Thunderbolt 3 ports |
|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Compatibility Information

|               |                           |
|---------------|---------------------------|
| Designed For: | Apple Mac Pro (Late 2019) |
|---------------|---------------------------|

## Miscellaneous

|                       |                             |
|-----------------------|-----------------------------|
| Included Accessories: | Infinity Fabric Link bridge |
|-----------------------|-----------------------------|

## Memory

|             |             |
|-------------|-------------|
| Size:       | 32 GB       |
| Technology: | GDDR6 SDRAM |
| Bandwidth:  | 512 GBps    |
