

Intel Pentium III 933 MHz processor

Not in stock

SKU	BX80526C933256E
Product Description:	Intel Pentium III 933 MHz processor
Product Type:	Processor
Processor Type:	Intel Pentium III
Compatible Processor Socket:	Socket 370
Clock Speed:	933 MHz
Max Supported Size:	256 KB
Compatible Slots:	1 x processor - Socket 370

General

Product Type:

Processor Service & Support: Limited warranty - replacement - 3 years - carry-in

Miscellaneous

Package Type: Intel Boxed - retail

Expansion / Connectivity

Compatible Slots: 1 x processor - Socket 370

Cache Memory

Installed Size: 256 KB

Max Supported Size: 256 KB

Type: Advanced Transfer Cache

Processor

Type / Form Factor: Intel Pentium III

Cache Memory Details: L1 - Advanced Transfer Cache - 32 KB ; L2 - 256 KB

Clock Speed: 933 MHz

Compatible Processor Socket: Socket 370

Cache Level 1 Size: 32 KB

Architecture Features: Dual independent bus, dynamic execution, superscalar, superpipelined, data dependency removal, multi-branch prediction, speculative execution, out-of-order completion, sixth-generation, register renaming, IEEE 754-compatible FPU, MMX instructions set, system management mode (SMM), streaming SIMD extensions, 133MHz front side bus, FC-PGA packaging
