| Product Description:   | Sandberg Active Survivor power bank - USB, 24 pin USB-C - 22.5 Watt |
| Product Type:          | Power bank                                                          |
| Dimensions (WxDxH):    | 6.8 cm x 2.5 cm x 3.45 cm                                           |
| Weight:                | 386 g                                                               |
| Output Connector Type: | Total 2: USB, 24 pin USB-C - on cable: USB-C                        |
| Voltage Required:      | 5 / 9 / 12 V                                                        |
| Voltage Provided:      | 4.5 / 5 / 9 / 12 V                                                  |

## General

|               |              |
|---------------|--------------|
| Product Type: | Power bank   |
| Designed For: | Mobile phone |
| Width:        | 6.8 cm       |
| Depth:        | 2.5 cm       |
| Height:       | 3.45 cm      |
| Weight:       | 386 g        |

## Manufacturer Warranty

|                    |                            |
|--------------------|----------------------------|
| Service & Support: | Limited warranty - 5 years |
|--------------------|----------------------------|

## Dimensions & Weight (Shipping)

|                  |        |
|------------------|--------|
| Shipping Width:  | 12 cm  |
| Shipping Depth:  | 3.8 cm |
| Shipping Height: | 21 cm  |
| Shipping Weight: | 481 g  |

## Miscellaneous

|                       |                              |
|-----------------------|------------------------------|
| Packaging Type:       | Hanging box                  |
| Included Accessories: | Carrying strap               |
| Cables Included:      | USB-C to USB-C cable - 30 cm |
| Compliant Standards:  | FCC, RoHS, WEEE, IP66, UKCA  |

## Battery

|           |                   |
|-----------|-------------------|
| Capacity: | 10000 mAh - 37 Wh |
|-----------|-------------------|

## Power Device

|                   |              |
|-------------------|--------------|
| Voltage Required: | 5 / 9 / 12 V |
| Input Connectors: | 24 pin USB-C |

## Power Device

|                                  |                                                                                                                                  |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Input Connectors Qty:            | 1                                                                                                                                |
| Voltage Provided:                | 4.5 / 5 / 9 / 12 V                                                                                                               |
| Output connectors:               | Total 2: 4 pin USB Type A, 24 pin USB-C                                                                                          |
| Power Provided:                  | 22.5 Watt                                                                                                                        |
| Detachable Cable Connector Type: | USB-C                                                                                                                            |
| Max Electric Current:            | 5 A                                                                                                                              |
| Power Device Operating Mode:     | Wireless charging - 15 W                                                                                                         |
| Wireless Charging:               | Yes                                                                                                                              |
| Wireless Charging Standards:     | Qi                                                                                                                               |
| Fast Charge Technology:          | Power Delivery                                                                                                                   |
| Features:                        | Built-in flashlight, waterproof, shockproof, dustproof, pass-through charging, simultaneously charges up to 3 devices, LED lamps |
