| Product Description: | StarTech.com 1m CAT6 Ethernet Cable, 10 Gigabit Snagless RJ45 650MHz 100W PoE Patch Cord, CAT 6 10GbE UTP Network Cable w/Strain Relief, Red, Fluke Tested/Wiring is UL Certified/TIA - Category 6 - 24AWG (N6PATC1MRD) - patch cable - 1 m - red |
| Type:                | Patch cable - CAT 6                                                                                                                                                                                                                               |
| Technology:          | Unshielded twisted pair (UTP)                                                                                                                                                                                                                     |
| Wiring Scheme:       | T568B                                                                                                                                                                                                                                             |
| Features:            | Snagless, minimised Near-End Crosstalk (NEXT)                                                                                                                                                                                                     |
| Length:              | 1 m                                                                                                                                                                                                                                               |
| Connector:           | RJ-45 - male                                                                                                                                                                                                                                      |

## General

|                            |                                               |
|----------------------------|-----------------------------------------------|
| Network Cable Type:        | Patch cable - CAT 6                           |
| Technology:                | Unshielded twisted pair (UTP)                 |
| Wiring Scheme:             | T568B                                         |
| Jacket Material:           | PVC                                           |
| American Wire Gauge (AWG): | 24                                            |
| Pairs per Cable:           | 4 pairs                                       |
| Plated Connector:          | Gold                                          |
| Features:                  | Snagless, minimised Near-End Crosstalk (NEXT) |
| Length:                    | 1 m                                           |
| Colour:                    | Red                                           |

## Manufacturer Warranty

|                    |                           |
|--------------------|---------------------------|
| Service & Support: | Limited lifetime warranty |
|--------------------|---------------------------|

## Miscellaneous

|                      |                                          |
|----------------------|------------------------------------------|
| Compliant Standards: | RoHS, ETL, TIA/EIA-568-B - up to 500 MHz |
|----------------------|------------------------------------------|

## Connectivity

|                         |              |
|-------------------------|--------------|
| Connector:              | RJ-45 - male |
| Connector (Second End): | RJ-45 - male |
