

# Transcend - flash memory card - 16 GB - SDHC

11-05-2024

|                        |                                              |
|------------------------|----------------------------------------------|
| SKU                    | TS16GSDHC10                                  |
| Product Description:   | Transcend - flash memory card - 16 GB - SDHC |
| Product Type:          | Flash memory card                            |
| Form Factor:           | SDHC Memory Card                             |
| Storage Capacity:      | 16 GB                                        |
| Speed Rating:          | Class 10                                     |
| Supply Voltage:        | 2.7 - 3.6 V                                  |
| Manufacturer Warranty: | Limited lifetime warranty                    |

## General

|                   |                   |
|-------------------|-------------------|
| Product Type:     | Flash memory card |
| Storage Capacity: | 16 GB             |

## Environmental Parameters

|                            |        |
|----------------------------|--------|
| Min Operating Temperature: | -25 °C |
| Max Operating Temperature: | 85 °C  |

## Dimensions & Weight

|         |        |
|---------|--------|
| Width:  | 32 mm  |
| Depth:  | 24 mm  |
| Height: | 2.1 mm |

## Manufacturer Warranty

|                    |                             |
|--------------------|-----------------------------|
| Service & Support: | Limited warranty - lifetime |
|--------------------|-----------------------------|

## Miscellaneous

|                      |                     |
|----------------------|---------------------|
| Compliant Standards: | Plug and Play, RoHS |
|----------------------|---------------------|

## Memory

|                 |                                                                                                                                                                                                      |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Speed Class:    | Class 10                                                                                                                                                                                             |
| Form Factor:    | SDHC Memory Card                                                                                                                                                                                     |
| Supply Voltage: | 2.7 - 3.6 V                                                                                                                                                                                          |
| Features:       | Auto Stand-by mode, Auto-sleep mode, ECC support, write protection switch, Content Protection for Recorded Media (CPRM), In System Programming (ISP) support, Secure Digital Music Initiative (SDMI) |
